THE CITY.

Grand Ratification Meeting! There will be a meeting of the Democracy of this city on Wednesday evening, September 7th, at 81/2 o'clock, on the west steps of the Capitol, to ratify the nomina-

tion at Chicago. The south part of the city will meet at the Court House at 8 o'clock; the north part of the city will meet at the North Engine House, and proceed in procession to the west steps of the State House.

Hon. W. Allen, Judge Thurman, Hon. S. S. Cox and others, champions of the Democratic party, will be present, and address the meeting.

Turn out, Democrats! and let us have a

good old fashioned time. Per order of the Committee.

THE MEETING TO-NIGHT .- Let the Democracy of the Capital City turn out to the McClellan Ratification Meeting to-night, and show the Abolitionists that the ancient faith is as strong and unfaltering as ever, and teach the Lincolnites that Columbus goes for the Union and the Constitution.

DEATH OF THE VENERABLE THOMAS MAR-TIN.-Thomas Martin, an old and valued citizen of Columbus, father of Auditor Matthias Martin, died at his residence on Gay street yesterday morning, surrounded by a large circle of his family, representing three generations. Mr. Martin was seventy four years of age at the time of his death, and had never before suffered from a day's sickness. He moved to this place from York county, Pennsylvania, in 1819, and belonged to that hardy and intelligent race of pioneers who brought the West to its present greatness. He was an honest, quiet and unobtrusive citizen, but little known to the younger class of citizens, but warmly esteemed among those who were acquainted with him. In dying at his ripe age, he leaves a large circle of friends who mourn his loss, but no other epitaph need be written than the truth that he leaves no enemy in the world.

Fun.-Sam Cox will speak at the great McClellan Ratification Meeting to-night, and, as usual, he will have some fuu to fire off. John Brough has laid himself open for a blast, and we suggest to Mr. Cox the propriety of taking the Behemoth in hand.

A DISTRESSING ACCIDENT .- A young man named Albert Barkis, engaged in the railroad boiler shop, in attempting to jump on board one of the switch engines to ride to the depot last evening, missed his footing and fell, his right leg strking the step of the locomotive, by which it was so terribly broken and shattered that its amoutation is thought unavoidable. He fell under the wheels of the tender, and would have been cut in two but for the presence of mind and activity of a man standing near, who snatched him from his precarious position. He was removed to the residence of his widowed mother on Third street, between Town and Rich, where medical assistance leviate the sufferings of the unfortunat young man.

ARGUMENT .- Judge Thurman will ad- tees. dress the McClellan Ratification Meeting to-night, and he will have something to say in regard to the destructive and revolutionary tendencies of the Abolitionists. and he will give sound and logical reasons why they should be expelled from power.

RECRUTTING .- The recruiting business has been exceedingly lively within the past few days, and our streets have been thronged with squads of new recruits marching and counter-marching from office to office. A larger number of white men have gone into the service within the last two weeks than have entered during any fortnight for a year, and the number of colored recruits have also largely increased. The bounty and substitute brokers have been and are still driving a thriving business in their peculiar voca-

ALLEN.-Senator Allen, the tall chieftain, is expected to speak at the Great Ratification to-night, and when he speaks there will be something heard worth remembering. He had few equals as an orator when he contested with the giants of the Senate of the Republic in better days-time has added to his powers and given weight to his words.

THE COUNTY TREASURER. - John G. Thompson, Esq., who has for four years discharged the duties of Treasurer of this county, to the entire satisfaction of his constituents and with credit to himself, yesterday turned over the office to his successor, Mr. Falkenbach. The County Auditor and County Commissioners made an examination of the Treasury, and found the sum of \$65,324.37 as the balance, which was turned over to the newly installed officer, to the entire satisfaction of all concerned. The new Treasurer, Mr. Falkenbach, is a capable, experienced and efficient officer, whose thorough knowledge of the duties attached to it will undoubtedly enable him to leave the office in turn, as Mr. Thompson has, with the thanks of his constituents for his faithfulness and efficiency.

THUNDER.—The military authorities have prohibited the Democracy from purchasing ammunition, and there will therefore be no artillery salute at the McClellan meeting to-night; but the Democracy propose to get up their own thunder-the thunder of the voice of the people in favor of the hero candidate.

SINGULAR PROCEEDING .- There is some complaint among the officers of the one hundred day regiments of the tax of fifty cents each which they are required to award to the patriotic State Pay Agent in the State House for fixing up their accounts. It is said that this official manipulates from fifty to one hundred accounts per day, and the perquisites thus absorbed, in addition to the regular salary of the functionary, leads to the conclusion that loyalty and patriotism in this case is well rewarded.

HEAR THE DEPENSE .- Let the soldier who tought for the Union turn out to the Me-Clellan meeting to-night and hear Allen. Thurman, Cox, and others in defense of the hero of Antietam. Much has been said against him-it is fair that his defense "DIN DODG TO ME

FOR THE SOLDIERS .- Let the soldiers now in the city, who have fought for the old Union and under the old flag, turn out at the meeting to-night to ratify the nomination of the first soldier of the Republic. The Abolitionists are all abusing that great soldier now-they didn't abuse him when he twice saved Washington from capture. Let the soldiers who have fought under Mc-Clellan, attest their appreciation of their tions of the National Democratic Convenold chief.

> VISITORS TO THE STATE FAIR .- The comnittee of councilmen appointed to secure accommodations for visitors attending the State Fair, are at work, and have a good prospect of accomplishing the object. They are confident of securing ample room for all visitors. Persons in the city able to furnish board and lodging to strangers during the Fair are requested to leave their address with the chairman of the committee, Mr. Donaldson, at the bank of Miller, Donaldson & Co., State street.

> RACE POSTPONED .- Owing to the heavy rains which have rendered the race track at Olentangy Park unfit for service, the race which was to come off there between "Joe Godwin" and "Wagoner" is postponed until a future day, due notice of which will be given.

> SALUTE.-A salute of one hundred guns was fired in the State yard yesterday in honor of recent military and naval tri-

FIRE-WORKS .- There will be a fine display of fire-works at the great McClellan Ratification Meeting to-night, gotten up by Charlie Wagner, in honor of the event.

POLICE COURT .- Ten cases of the ordinary character, chiefly drunkenness and disorderly conduct, were disposed of in the Police Court yesterday.

CONTRACTS AWARDED .- The contract for supplying the State with paper for the ensuing year was yesterday awarded to the Cleveland Paper Manufacturing company at the rate of \$17 38 per ream. The contract for coal was awarded to J. W. Brooks of this city at twenty-two cents per bushel. The contract for wood was awarded to Daniel Matheney of this city.

WIND AND WEATHER .- Let neither wind or weather keep the honest Democracy of the city from the Capitol grounds to-night. Let the first rally of the campaign be a grand one for McClellan.

THEATRE .-- There was a fine audience at the Theatre last evening, and Bulwer's popular play of the Lady of Lyons was rendered admirably. The play to-night is "Evadne, or the Statue," the cast of character being the strongest and best of the

TRAVELLER'S INSURANCE UNMPANY .- Attention is directed to the advertisement of the Traveller's Insurance Company of Hartford, in another column of this paper. This company is a first-class and thoroughly responsible one, and they have entered a wide field of usefulness. The company insures against accident by flood or field, and offer the very greatest inducement to all men of family who desire to secure something for those who come after them. To Gen. Tillison: I surprised, defeated and killed John Morgan at Greenville this morning. The killed are scattered for miles, and have not yet been counted; they probably number from fifty to one hundred, and about seventy-five prisoners. are hunted like guilty felons.

The Sentinel, commenting on the Chicago nominations, says: McClellan, who was formerly a decided war man, is represented to have greatly modified, if not indeed abandoned his belligerent sentiments. The support given him by so many decided peace men lends strong confirmation to the report, and nothing would be easier than for McClellan to reconcile a deciaration for peace in the present state of the question, due, as Clellan to reconcile a declaration for peace in the present state of the question, due, as he may suppose, to Lincoln's mismanagement of the war, with his past speeches in favor of war. Of Mr. Pendieton's position there is no uncertainty. He is an ardent peace man, and the fact that such a man was nominated is a strong proof that McClellan's position cannot be widely variant. The contest which now commences will be brief but violent; two months will close it, and decide which shall rule. Perhaps there are no two public men in the United States separated by a greater animosity than exseparated by a greater animosity than exists between Lincoln and McClellan and

Illinois Democratic State Convention-An Immense McClellan Ratification Meeting.

Springfield, Ill., Sept. 6.—The Demo-cratic State Convention to-day was largely attended and perfectly harmonious. Hon. Jas. C. Robinson was nominated for Gov-ernor, and J. Washington, Sept. 6.—Fifteen rebel de-serters brought hither from the Army of the Potomac were released upon taking the oath, and furnished with transportation as far north as Philadelphia. In the effort to fill the quotas of towns an undue proportion of landsmen have been enlisted in the navy, and to remedy the evil an order has been issued restricting the proportion hereafter to fifteen per cent. of the whole number of enlistments. This course is rendered necessary to prevent the accumulation of a large surplus of unserviceable recruits. Seamen, ordinary seamen firemen, &c., are still wanted.

It was expected the enemy would have attacked us in our position at Berryville esterday, and preparation was made at the field hospital for the reception of 1,000 wounded; but we were disappninted, and your correspondent holds to the opinion that the enemy have no idea of assuming the offensive, but will be perfectly content for the present with acting on the defen-sive, and holding the valley.

Vermont State Election.

MONTPELIER, Vt., Sept. 6 .- The annual lection of State officers took place to-day. The gubernatorial candidates are the same as last year, Governor Smith being voted or by the Republicans and Unionists, and Hon. Tim. P. Redfield by the Democrats. The vote is light, though somewhat fuller than last year. Only partial returns are received, but enough is known to indicate the election of the Union candidate by larger majorities than last year. We have the Representative vote from forty towns; all return Union men but two.
